Dear Prospective Newcomer Matie

.NET SENIOR AND POSTGRADUATE COMMUTER STUDENT COMMUNITIES (.Nets) AT STELLENBOSCH UNIVERSITY

Congratulations on being conditionally accepted for an academic programme at Stellenbosch University (SU). We are looking forward to welcoming you in 2025.

The purpose of this letter is to tell you about our commuter student communities for postgraduate and senior students. At SU, approximately 75% of enrolled students stay in private accommodation. Students are assigned to commuter student communities that provide them with extensive opportunities for successful social and academic integration on campus. These communities have been positioned to offer students in private accommodation a wholesome and diverse university experience. To this end, co-curricular and out-of-class experiences form one of SU's key focus areas for student development.

What is a Commuter Student Community?

This is an organisational structure supporting SU students living in private accommodation. These communities are managed through the Commuter Student Communities Unit within the Centre for Student Life and Learning (CSLL). The senior and postgraduate communities are known as the .Net Communities and are managed by the appointed councils. These communities are designed around the needs of honours, masters and PhD students at SU.

Each community coordinates the orientation of newcomer senior and postgraduate students and offers access to a variety of developmental opportunities and support services.

Please note: Commuter student communities **DO NOT** provide student accommodation. If you will not be making use of a university residence, you have to find accommodation yourself. Please see a link to the SU Private Accredited Accommodation database at the bottom of this document.

How do I become a member?

Membership is conferred automatically to all enrolled students who do not live in an SU residence.

Undergraduate commuter students are allocated to one of eleven commuter student communities per the SU Placement Policy while postgraduate and senior students are included in one of three .Net Communities. In addition to welcoming, orientation, access to developmental opportunities and support services, your community will also ensure your access to the facilities offered through each cluster. These include open dining halls and hub facilities where relevant.

Baie geluk met jou voorwaardelike toelating tot 'n akademiese program aan die Universiteit Stellenbosch (US). Ons sien daarna uit om jou in 2025 te verwelkom.

Hierdie brief wil jou graag inlig oor ons pendelaarstudentegemeenskappe vir nagraadse en senior studente. Ongeveer 75% van die ingeskrewe studente aan die US woon in privaat behuising. Hierdie gemeenskappe is geïmplementeer om aan studente in privaat behuising 'n heilsame en diverse universiteitservaring te bied. Met hierdie doel vorm ko-kurrikulêre ervarings en ervarings buite die klas een van die US se hooffokusgebiede vir studenteontwikkeling.

Wat is 'n Pendelaarstudentegemeenskap?

Dit is 'n organisatoriese struktuur wat US-studente in privaat behuising ondersteun. Hierdie gemeenskappe word deur die Eenheid vir Pendelaarstudentegemeenskappe in die Sentrum vir Studentelewe en -leer (SLL) bestuur. Die senior en nagraadse gemeenskappe staan as die .net-gemeenskappe bekend en word deur die aangewese rade bestuur. Hierdie gemeenskappe is op grond van die behoeftes van honneurs-, magister- en doktrale studente aan die US ontwerp.

Elke gemeenskap koördineer die oriëntering van nuwelings- senior en nagraadse studente en bied toegang tot 'n verskeidenheid ontwikkelingsgeleenthede en steundienste.

Let wel: Pendelaarstudentegemeenskappe voorsien *NIE* studentebehuising *NIE*. As jy nie van 'n universiteitskoshuis gebruik gaan maak nie, sal jy self behuising moet vind. Aan die einde van hierdie dokument is daar 'n skakel na die US se databasis van geakkrediteerde privaat behuising.

Hoe raak ek 'n lid?

Lidmaatskap word outomaties toegeken aan alle ingeskrewe studente wat nie in 'n US-koshuis woon nie.

Voorgraadse pendelaarstudente word volgens die US se Plasingbeleid aan een van elf pendelaarstudentegemeenskappe toegewys, terwyl nagraadse en senior studente in een van drie .net-gemeenskappe opgeneem word. Buiten vir die verwelkoming, oriëntering, toegang tot ontwikkelingsgeleenthede en steundienste, sal jou gemeenskap ook jou toegang tot die

geriewe wat deur elke kluster aangebied word, verseker. Dit sluit oop eetsale en hubgeriewe, waar ter sake, in.
