

4.1.10 MCom (Management Accounting)

Admission requirements

- A BComHons (Management Accounting) degree from Stellenbosch University, or an equivalent qualification from another university;
- At least 60% for Management Accounting as subject during previous undergraduate studies, and at least 60% for Management Accounting as subject area and in general during your previous postgraduate studies;
- Any additional preparatory work approved by Senate for this purpose.

Further requirements

- Registration as Chartered Management Accountant with CIMA (or an equivalent, appropriate professional registration).
- You must have knowledge of research methodology to be admitted to the master's programme, including, where applicable, quantitative empirical research methods. The programme leader may require you to complete appropriate methodology modules before you start the programme.

Selection

There is no limit on the number of students that is admitted to the programme, but additional selection criteria apply. The prospective student must submit an initial mini-research proposal to the programme leader and Deputy Director: Research of the School of Accountancy. The programme leader and Deputy Director: Research will then evaluate whether the proposed topic falls within the School's discipline domain and also whether staff with the required expertise and experience will be available to supervise the student. If the programme leader and Deputy Director: Research are of the opinion that the topic falls within the School's discipline domain, a willing and able supervisor is available, the planned study is feasible and could possibly represent a valuable contribution to the existing body of knowledge of the field of study, a provisional supervisor is appointed and the student is requested to start working with the supervisor on an official research proposal.

Finally, the candidate presents the proposal to an admissions committee of the School of Accountancy. Should the proposal be approved by the committee, the committee assigns a supervisor, and the supervisor sends the completed master's admission form to the faculty administrator for a recommendation to the Faculty Board that the student be admitted to the master's programme. The prospective student may also be requested to complete additional modules (e.g., a research methodology or econometrics modules).

Duration and starting date of programme

Duration: One year

Starting date: With the other classes at the University.

Enquiries

Programme leader: Prof Soon Nel

School of Accountancy

Tel: 021 808 3430

E-mail: snel@sun.ac.za

Website: www.sun.ac.za/accountancy

Programme structure

You must complete a research project according to the requirements set by the School of Accountancy. This project consists of a thesis and a related article publishable in an accredited journal.

You must also attend a writing skills workshop about the writing of research proposals, presented by the Language Centre.

Programme content

Programme module

You must earn a total of at least 180 credits for this programme.

Code	Module	Credits	Module Name	Semester
10812	879	180	MCom Management Accounting	Both

This module is compulsory.

Code	Module	Credits	Module Name	Semester
66540	828	180	Thesis: Management Accounting	Both

Postgraduate Programmes

1. General information for all postgraduate programmes

The information in this section applies to most of the postgraduate programmes and is not repeated for each programme, so please read it through carefully. Exceptions and deviations are, however, indicated at the individual programmes.

1.1 Postgraduate programmes in the Faculty

The table below lists the postgraduate programmes up to master's level by the department, school or centre where they are offered. The campus or facility is indicated in italics where necessary. All departments, schools and centres also offer a PhD programme. For more on the PhD, see the doctoral section at the end of this chapter.

1.2 Undergraduate module requirements for postgraduate programmes

In Appendix C to this Yearbook part, you will find a table showing the minimum module requirements for admission to certain postgraduate programmes. Review this table to determine whether you meet the requirements for the postgraduate programme you wish to follow.

1.3 Selection

Every postgraduate programme in the Faculty is potentially a selection programme since the capacity of the relevant department determines the number of students that can be accommodated in each programme. This means that selection happens when more candidates apply than the department can accommodate in a specific programme. There are, however, also programmes where selection always happens, regardless of how many candidates apply. Departments may choose to list specific requirements and criteria at the relevant programme entries below or on their website or in the programme brochure.

1.4 Postgraduate assessment and examination

- Assessment is determined at modular level; therefore, consult the relevant module framework for more information.
- For the Faculty postgraduate assessment rules, you can consult the Faculty website at www.sun.ac.za/ems and look under "Current students" and then "General information" to find the link "EMS Postgraduate Assessment Rules".
- For more information and the general rules on assessment, see Part 1 (General Rules) of the Yearbook, under "Assessments and Promotions".

- For the general specifications for assignments, theses, and dissertations, consult the section "Postgraduate Qualifications" in Part 1 (General Rules) of the Yearbook.
- For specific information relating to the assignment, thesis or dissertation for an individual programme, consult the programme administrator or leader or relevant programme documentation.

1.5 Pass requirements for postgraduate programmes

The pass mark for postgraduate programmes is 50% and to pass with distinction you need 75%. More detailed information on pass requirements for individual programmes is available from the relevant programme administrator or leader.

1.6 Different campuses and facilities

Some postgraduate programmes are presented by the Stellenbosch Business School or the School for Public Leadership, both of which are on the Bellville Park campus of the University. The School of Public Leadership also presents classes at the Sustainability Institute at Lynedoch. The place where a particular diploma programme will be presented, if not Stellenbosch campus, is indicated below for each individual Programme under "Programme structure".

Disclaimer:

The content above comes from the 2024 Economic and Management Sciences Yearbook. Make sure to consult the full **Economic and Management Sciences Yearbook** to see this extract in context and to check if there have been any changes. Take special note of additional information in the yearbook under section **1. General information for all postgraduate programmes.**
